

It's Bubbling Lyrics & Chords

By Sullivan and Lacour

Verse 1

Since I came to Jesus, for heaven made a start
My cup is running over, there's music in my heart.
I knew some folks who had it, I saw their faces shine
But little did I ever think that the bubbling would be mine.

Chorus

It's (D) bubbling, it's bubbling, It's bubbling in my (A) soul.
It's (A) singing and laughing, Since Jesus made me (D) whole.
Folks don't understand it, I cannot keep it (A) quiet.
It's bubbling, bubbling, Bubbling in my (D) soul.

Verse 2

My heart became so hungry, my soul began to cry
Oh God I want that blessing or else I'll surely die.
When I died out to people, and let go everything
A landslide came from heaven with the bubble-bubble-bubbling.
